

MWI FC-300/AS™: Armored Series Demountable Walls

MW International, Inc.

The *Original* Movable Wall Company

MWI is excited to introduce its first ever ballistic/armor rated demountable wall product, FC-300/AS™ or FC-300 Armor Series™.

The FC-300 series, MWI's demountable wall product workhorse, now adds ballistic resistance. FC-300, the most flexible product line on the market, previously included ceramic, fire rated wall product as well as more traditional product utilization offerings.

As a bespoke manufacturer, MWI is committed to bringing the highest quality products, with the greatest application flexibility to the commercial demountable wall market.

To learn more about FC-300/AS or to request more information contact your MWI representative or contact MWI directly at sales@mwintl.net.
